

SMART WiFi

- **Mode Control** Switch cooling modes from your phone.
- **Temperature Control** Adjust and monitor fridge/freezer temperature remotely.
- **Smart Alerts** Get door open and error notifications.
- **Auto Diagnosis** Get notified instantly if your refrigerator is in any trouble.
- **Service Support** Raise and track service tickets via app

with SMART CAMERA

- **Camera View** See what's stored on the inside of the fridge door anytime, anywhere.
- **Inventory Check** With auto-detection, find what's in stock and what's running low. No need to open the door.
- **Recipe Ideas** Get recipes based on what's inside the fridge.
- **Shopping List Sync** Add groceries straight into your shopping list.

For Optimal Images:*

- Keep the door open for a minimum of 10 seconds for the camera to capture the image.
- Keep the door open at 90° angle.
- Minimise contact and keep the face away from the camera's line of sight when handling items in the refrigerator.

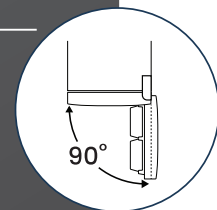

The Smart Camera captures the image of the inside of the refrigerator door only.

Cleaning & Care

Use a cotton swab or microfibre cloth to clean the camera lens.
