CATALOGUE 2026

Trusted by Over
10 MILLION
Happy Customers

A Legacy of Trust

At IFB, appliances have never been just our business. We dream it, design it, engineer it, build it and after you've bought one, we continue to care for it.

Since we first introduced front load washing machines to India, over three decades ago, till today, more than 10 million customers have placed their trust in IFB.

This trust is the reason why we have gone from strength to strength. Why we are a household name in appliances today.

A Commitment to Excellence

We strive to deliver products that are perfectly engineered and have exceptional build quality.

All the parts, components slated for use in our products get tested to breaking point at world class testing facilities we have built in our plants.

Every product that leaves the assembly line goes through a series of checks and compliances to ensure they perform at their best.

A network of over 6000 service ambassadors committed to providing the best after-sales service backs the strength of our products.

Life Inspired. Precision Built.

Every home has its own rhythm. Its own way of shopping for groceries, cooking, storing and living.

We understood this as we listened to people from all walks of life — from families, to couples, to young adults.

And what we heard shapes every IFB Refrigerator. Cooling that preserves longer. Space that works harder. Engineered to the smallest detail, so every day runs easy.

Manufactured at our state-of-the-art 2.3 lac sq.ft. facility in Pune, we proudly present IFB Refrigerators.

IFB Refrigerators

SERIES

Direct Cool

India's First ConvertiCool Refrigerators

Frost Free

Convertible Refrigerators

Glass Door Series

Smart Series

SMART

S E R I E S

IFB Smart Series Refrigerators are at the leading edge of what technology has to offer. A host of next generation features make them truly smart, truly connected.

*Images for representational purposes only

DIGITAL DISPLAY*

A smart display for perfect temperature control, freezer mode selection along with features such as child lock and more.

SMART CAMERA*

A built-in camera lets you track your groceries in real-time so you know when it's time to restock.

WI-FI ENABLED*

Allows you to remotely monitor and control your refrigerator.

DOOR ALARM*

To alert you in case you forget to close the refrigerator door.

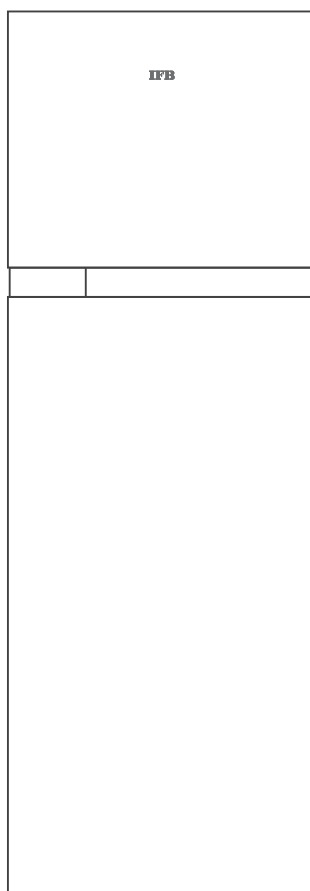

AUTO DIAGNOSIS*

Continuously monitors the refrigerator and notifies you on the MyIFB App anytime an error is detected.

Convertible
Frost Free Refrigerator

Double Door Range with

12 in 1 Convertible

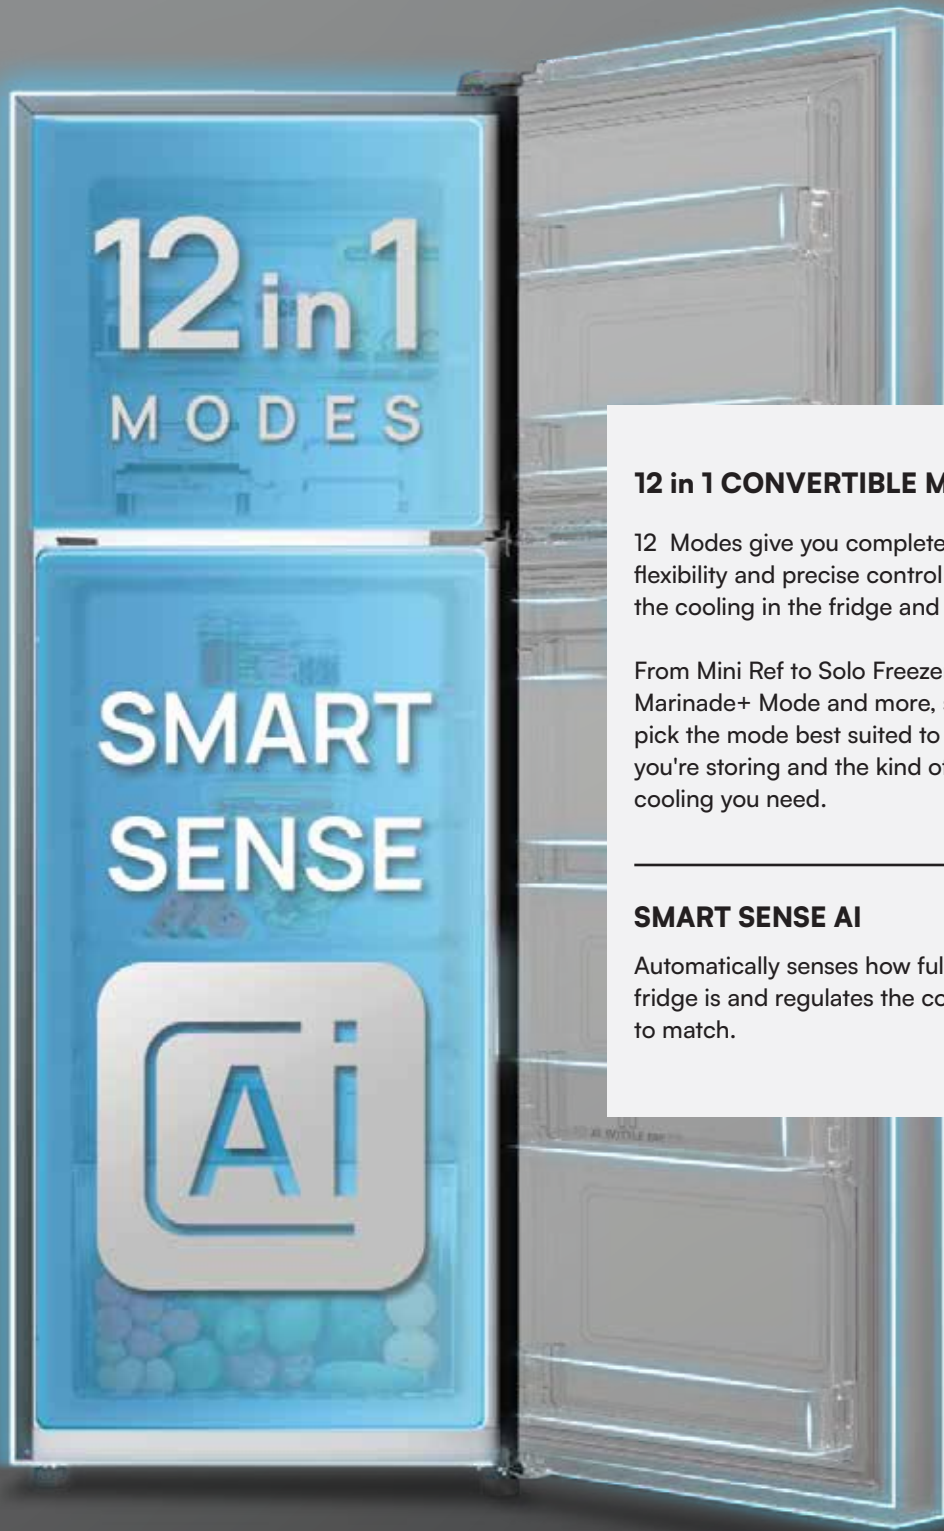

Technology

Perfect chill. Peak freshness.
Room full of possibility.

*Images for representational purposes only

Intelligent Cooling. Daily Convenience.

12 in 1 CONVERTIBLE MODES

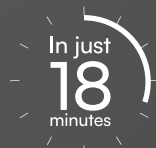

12 Modes give you complete flexibility and precise control over the cooling in the fridge and freezer.

From Mini Ref to Solo Freezer to Marinade+ Mode and more, simply pick the mode best suited to what you're storing and the kind of cooling you need.

SMART SENSE AI

Automatically senses how full your fridge is and regulates the cooling to match.

Freezer to Fridge

FASTEST
CONVERSION
TIME

Fridge to Freezer

Normal

Standard setting for daily use. Ideal for storage of typical food items.

Turbo Freeze

Makes ice faster, freezes large quantities quicker.

Turbo Cool

Cools items in the refrigerator compartment faster.

Ice Cream

Keeps ice cream soft enough to scoop, firm enough to hold its shape.

Power Saver

Save on electricity when you're on vacation or when the fridge isn't full.

Mild Freeze

Keeps your fish, meat & poultry ready to cook.

Beverage +

Turns the freezer into a beverage zone for chilling extra bottles & cans.

Fridge +

Converts freezer into fridge. Get more room for your perishables when needed.

UNIQUE MODES

Marinade +

Perfect for marinating paneer, meat & much more.

Dairy +

Stores additional dairy items at an ideal temperature.

Mini Ref

Turns the freezer into a mini refrigerator & saves power up to 60%.

Saves
60%
Power

Solo Freezer

Keeps only the freezer on for storage. The fridge stays off, which saves energy.

A New Way to Cool

3D SURROUND COOLING

Cools every corner of the refrigerator. Keeps the contents of your refrigerator perfectly cool, optimally fresh, and well preserved.

METAL COOL

Retains cooling for longer. Especially helpful in maintaining freshness during a power cut and if you open the fridge door frequently.

*select models only

MOVEABLE ICE TWISTER

Release the ice from the ice tray into its container with an easy twist. Can easily be removed or repositioned when you need more room in the freezer.

THE SCIENCE OF FLAVOUR

UP TO

30

DAYS OF FRESHNESS*

*Based on standard test conditions

QUADRA CRISPER COVER WITH HUMIDITY CONTROL

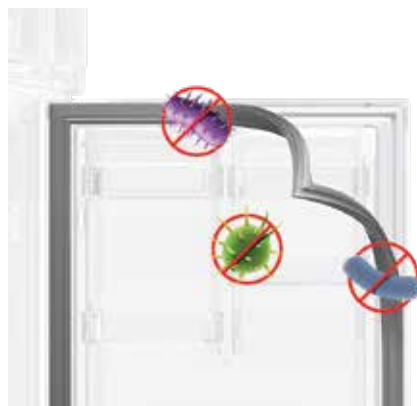

The quadra design on the crisper box cover locks in moisture so the fruits and vegetables are well preserved and stay fresh for upto 30 days.

SMART DEODORIZER

Smart light deodorizer keeps your refrigerator smelling fresh and free from unpleasant odour.

*select models only

ANTI-BACTERIAL GASKET

Keeps the contents of the refrigerator hygienically safe by preventing the ingress and build-up of fungi and bacteria.

Better by Design

THICK INSULATION

65 mm thick insulation delivers up to 30 hours[#] of cooling retention, ensuring longer freshness and better energy efficiency during power cuts.

XL BOTTLE BIN

Cool 3x 2.25L large bottles and more of them with our XL Bottle Bin.

FREEZER LED

Energy efficient LEDs perfectly illuminate every corner of the freezer so you can find what you are looking for with ease.

BIG CRISPER

Keep more fruits and vegetables fresh in one go with our 30 litre big crisper.

SLIDE TRAY

Lets you slide the tray out to easily reach items at the back. Makes it easier to store and arrange smaller items, so they don't get lost or forgotten.

TOUGHENED GLASS SHELVES

Built extra tough for heavy indian vesses. Can take a load of upto 250 kgs so you can store more without any fuss.

ConvertiCool Direct Cool Refrigerator

India's First Direct Cool Range with

ConvertiCool

Technology

Room for more. Freshness that lasts.
A whole new way to cool.

*Images for representational purposes only

Cools like a Dream

India's First ConvertiCool Direct Cool Refrigerator

Get maximum cooling in the freezer when needed or redirect underutilized airflow to the fridge when its fully stocked.

With our ConvertiCool airflow technology, you can customize the cooling in the freezer and fridge anyway you like.

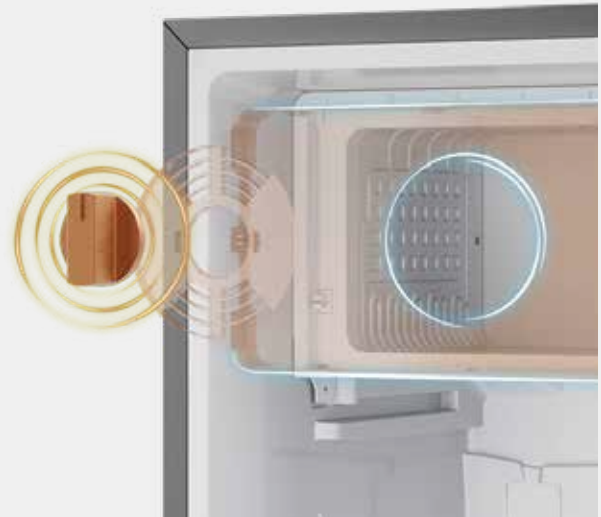

THICK INSULATION

65 mm thick insulation delivers up to 30 hours[#] of cooling retention, ensuring longer freshness and better energy efficiency during power cuts.

TOUGHENED GLASS SHELVES

Built extra tough for heavy indian vessels. Can take a load of upto 250 kgs so you can store more without any fuss.

COPPER BOOST

Infused copper promotes cooling and also helps maintain hygiene due to its germicidal properties.

FAST ICE

The metal infused ice tray forms ice cubes in less than 1 hour, so no more waiting for that ice cold drink.

[#]under standard test conditions

^{*}select models only

LOCK IN FLAVOUR

UPTO

25

DAYS OF FRESHNESS*

*Based on standard test conditions

QUADRA CRISPER COVER

The quadra design on the crisper box cover locks in moisture so the fruits and vegetables are well preserved and stay fresh for upto 25 days.

HUMIDITY CONTROL

Lets you control the moisture levels in the crisper based on what's inside , further ensuring freshness and preservation of fruits and vegetables.

ANTI-BACTERIAL GASKET

Keeps the contents of the refrigerator hygienically safe by preventing the ingress and build-up of fungi and bacteria.

EXTRA HEIGHT

Upto 170 mm of extra height so you can comfortably organize the contents of your refrigerator without having to shuffle and sort.

EXTRA SHELF

A third shelf for extra space, improved visibility and better access to the contents of your refrigerator.

XL BOTTLE BIN

Cool larger bottles and more of them with our XL Bottle Bin. Fits 3 x 2.25 L large bottles easily.

BASE STAND DRAWER

Additional dry storage space at the bottom. Ideal for storing items that don't need cooling like potatoes, onions, etc.

BIG CRISPER

Keep more fruits and vegetables fresh in one go with our 17-20 L big crisper.

FRIDGE LED

Energy efficient LEDs perfectly illuminate every corner of the refrigerator.
